Will my information be shared?

The Welsh Government receives information on students normally as part of what is called the Pupil Level Annual Schools Census (PLASC). Welsh Government uses this personal information for research which is carried out in such a way that ensures individual pupils cannot be identified. This information is also used for statistical purposes, to inform, influence and improve education policy and to monitor the performance of the education service as a whole. Examples of the sort of statistics produced can be viewed at www.wales.gov.uk/statistics .

We share pupil data with WG on a statutory basis. This data underpins school funding and educational attainment policy and monitoring.

The LA also uses the personal information collected via PLASC to do research. It uses the results of this research to make decisions on policy and the funding of schools, to calculate the performance of schools and help them to set targets. The research is carried out in such a way that ensures individual pupils cannot be identified. In addition, WG and LA's receive information regarding national curriculum assessment and Public Examination results and attendance data at pupil level. The WG and LA have robust processes in place to ensure the confidentiality of any data shared is maintained.

The School will not share your personal information with any third parties without your consent, unless the law allows us to do so. The School routinely shares pupil information with:

- Pupil destinations upon leaving the school
