- Our process when due to a confirmed positive case, we are to close a bubble or class

This Remote Learning Policy aims to:

- Ensure consistency in the school's approach to remote learning

## 2. Roles and responsibilities

### 2.1 Teachers

Teachers should be available Monday-Friday during usual working hours. Underpinning this approach is an understanding for flexibility as to when teachers can be available. If they are unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure. Teachers are responsible for:

Setting work:

- Class teachers will provide three lessons per day via SeeSaw or Google Classrooms for their pupils plus Reading to be uploaded on that day by 9am. Work should not be uploaded the evening before. Activities should include one English, one Maths; and one other Curriculum subject. There should also be good range of the various foundation subjects relevant to the national curriculum set out for the respective year group
- Undertake remote and/or online CPD training;
- The work must be uploaded using SeeSaw (Foundation Phase) and Google Classroom or SeeSaw (Key Stage 2). All children have been given their username and password so that they can access the required work for their year group
- Teachers will provide feedback to children once each child has submitted their work. This should be in the form of a target or general comment This should be done as soon as possible after the child has submitted the work.
- The work should be marked keeping in mind the schools marking policy wherever possible.
- Teachers will need to be aware in their marking and comments that as well as the child being the audience, so will the parent and carer and will therefore need to be marked with that in mind, eg jargon and our language which is school linked should be avoided or interpreted for parents to understand
- Teachers are not expected to feedback outside the hours of 8.45am and 3:30pm, but feedback should be given ready for the next lesson. It is not expected for teachers to feedback during the weekends or in a holiday period
- If a parent needs clarification on how to complete the work set, or feedback from the teacher then this should be done via SeeSaw or Google Classrooms.
- If a parent or carer has a complaint, this should be referred to the Headteacher, who will advise on how to answer the complaint or may contact the parent in person. If the complaint is of a safeguarding nature, then it should be referred to the Headteacher who will follow the processes as laid down in the schools Safeguarding Policy
- Blended Learning Tracker to be used daily to record participation. If two days have gone by and no contact has been made by the child or parent in regard to work being set, then the teacher should contact the parent/carers via SeeSaw to "touch base" and ensure everything is on track. If there is no contact forthcoming from the parents, then this needs to be conveyed to the Headteacher who will contact the parent to check everything is well.
- Leaders from the SLT will coordinate with teachers to ensure consistency of approach and to try and ensure that pupils with limited access to computers/devices can still complete the work by facilitating access at home.
- Teachers are entitled to a period of non-teaching time each week to plan, prepare and assess pupils work. The amount of time is dictated by the period of time each week that a teacher is teaching their class. This amount should not exceed 10% of their weekly class contact time. School will not cover this non-contact time when remote learning is in place. The

non-contact time will be timetabled and communicated to parents in advance at the start of the remote learning period.
